gram in cooperation with the College of Health and Human Sciences at Georgia Southern University. It is a member of the Statewide AHEC Network which is a partnership coordinated by the Medical College of Georgia and Mercer University School of Medicine. The MCAHEC program office is the Morehouse School of Medicine AHEC. The purpose is to improve the supply and distribution of health professionals in southeast Georgia through community and academic partners. Strategies used to accomplish this mission include health careers recruitment in the middle and high schools, community based clinical training for primary care providers, and outreach librarian and continuing education services for health care providers.
